**Project details:**

<b>Internship project</b>	Mass Mail Dispatcher
Description	Bulk mailing refers to managing and sending large quantities of mail at reduced rates. So, it's an incredibly useful tool for any business looking to expand and reach new customers, whilst keeping costs as low as possible.
<b>Academic project</b>	Smart Voting System Using Facial Recognition
Description	We proposed a digital voting system through facial recognition. This model has three levels of verification: Unique number verification ; Voter card number ; Uses various algorithms for facial recognition
